Downloading WhatsApp on an iPhone

WhatsApp is a **free app**.

WhatsApp is **owned** by **Facebook**.

You can **use WhatsApp** to:

- Send a **text message**

- Make a **video call**

- Share **pictures** and **videos**

- Send a **voice note**

*A **voice note** is a recording of you talking.

You will **need:**

- iPhone

- Your device needs a **working microphone** and **camera**

- An **internet** connection or **mobile data**

Download WhatsApp on your iPhone

Important! **WhatsApp** does **not** have an official app for **iPads**.

There are **alternative apps** you can use but they have **not** been **approved by WhatsApp**.

An **app version** may be **available** in the **future**.

Step 1: Open the **Apple Store**
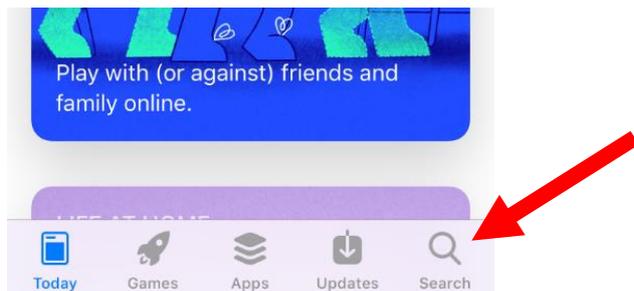

Look for an **icon** like this:

To **open** the Apple Store, **tap** on the icon.

Step 2: Search for the **app** you want to download

At the **bottom of the screen** is the **search** button.

Tap the 🔍 **magnifying glass** icon to **search**.

Write 'WhatsApp'.

Step 3: Select the **app** from the search results

Tap the app you want to **open**.

There might be many **apps** with **similar names**.

If you tap the **wrong app**, go back to the search results.

To go back **tap** the **arrow** in the **top left corner**.

Step 4: Install the **app**

WhatsApp is **free** to download.

Tap the blue '**GET**' button:

The device will ask you to **confirm**.

The app will begin **installing**.

 There will be a **small status circle** to the **right** of the app.

This shows the app **downloading**.

Step 5: Open the **app**

When the **app** has **downloaded**, tap the blue '**OPEN'** button.

You can now **begin** using the app.
